

Land Surveyor - Party Chief

This position requires a minimum of 5 years experience as a survey party chief with an emphasis on Highway construction stake-out, boundary surveys, topographic surveys, and building construction stake-out work. PennDOT roadway and bridge stake-out experience is highly desirable. The applicant must have a working knowledge of Robotic Total Station equipment, experience with RTK technology and AutoCAD.

Land Logics Group (LLG) is a Landscape Architecture, Land Planning, Land Surveying and Construction firm located in Central Pennsylvania. We are a small, exciting organization experiencing tremendous growth. Our clients include commercial businesses, government agencies, small and medium sized engineering firms, general contractors, and numerous builders and developers. The applicant will enjoy a broad range of project locations and challenges.

Position is part time with the possibility of full time within 3-6 months. LLG is an EOE employer.
